LETTER DATED 28 FEBRUARY 1994 FROM THE PERMANENT REPRESENTATIVE OF BOSNIA AND HERZEGOVINA TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

I have the honour to present to you the attached letter, dated 26 February 1994 from my President to the Special Representative of the Secretary-General, Mr. Akashi.

Further, upon instructions from my Government, I request that the Security Council review any decisions which might involve the deployment of peace-keepers from the Russian Federation on the territory of the Republic of Bosnia and Herzegovina. Recent deployments of Russian peace-keepers in the Republic of Bosnia and Herzegovina have not been consistent with existing criteria. We would hope that in the future, existing criteria be applied consistently to all Member States having made offers to UNPROFOR, otherwise, this criteria must be scrupulously reviewed.

Excellency, May I ask for your kind assistance in circulating this letter and that of my President as a document of the Security Council.

Letter dated 26 February 1994 from the President of the Republic of Bosnia and Herzegovina addressed to the Special Representative of the Secretary-General for the former Yugoslavia

The way Russian soldiers behaved on their arrival to Sarajevo raised discontent among its citizens, and, I believe, it harmed the reputation of the United Nations mission in Bosnia and Herzegovina as well. Namely, their arrival was accompanied by their manifestations of support to the aggressor and the scenery which reminded us of some past hideous times. Our people felt this as a provocation, which might have turned into incident.

In respect to all the above said, it is my duty to inform you that we do not approve of the arrival of additional Russian troops to Bosnia and Herzegovina. We think that any such decision should be postponed.

We kindly ask you, Mr. Akashi, to communicate the contents of this letter to the United Nations relevant authorities.

LETTER DATED 28 FEBRUARY 1994 FROM THE PERMANENT REPRESENTATIVE OF CAMEROON TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

I have the honour to transmit to you the text of the following letter from His Excellency Mr. Ferdinand Leopold Oyono, Minister for Foreign Affairs, concerning the incident on 18 and 19 February 1994 involving units of our army stationed in the Cameroonian peninsula of Bakassi and units of the Nigerian army.

"Sir,

"1. On instructions from my Government, I have the honour to draw to your attention and to that of members of the Security Council the following facts:

"2. On 18 February 1994 between 1500 hours and 1800 hours and on 19 February between 0130 hours and 0345 hours, the armed forces of the Federal Republic of Nigeria launched brutal attacks on our troops stationed in the Cameroonian peninsula of Bakassi thereby violating Cameroon's territorial integrity.

"3. On instructions from General Abacha, following a security council meeting over which he presided, military aircraft on a reconnaissance mission violated, on the above-mentioned date, our airspace above the peninsula of Bakassi.

"4. As early as 31 December 1993, Nigerian troops had invaded Jabane-Abana and Diamond Island, villages in that same peninsula. The Federal Government subsequently proclaimed that it had recovered its 'historical sovereignty' over the peninsula and had joined it to the federated States of Akwa Ibom and Cross River.

"5. My Government wishes to recall that Cameroon's sovereignty over the peninsula of Bakassi is indisputable and results from:

- The German-British treaty of 11 March 1913;

- The borders automatically resulting from the outcome of the referendum of 11 February 1961 which led, inter alia, to the linking of the southern part of Cameroon under British administration to the former East Cameroon;

- The Maroua Declaration delimiting the maritime and island boundaries between Nigeria and Cameroon.

"6. My Government wishes to affirm its determination to settle this dispute by peaceful means in full observance of the purposes and principles of the Charter of the United Nations. At the same time, my Government will continue to seek the appropriate international framework in which to resolve this issue.

"Given that this matter has implications for peace and security in the region, I have the honour to request an urgent meeting of the Security Council.

"I should also be grateful if you would have the text of this letter circulated as a Security Council document.

(Signed) Ferdinand Leopold OYONO
Minister for Foreign Affairs"

LETTER DATED 28 FEBRUARY 1994 FROM THE PERMANENT REPRESENTATIVE OF KUWAIT TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

On instructions from my Government, I have the honour to transmit to you herewith the text of a statement issued on 26 February 1994 by the Kuwaiti Minister of State for Cabinet Affairs concerning the hideous massacre that took place at the Haram al-Ibrahimi in Hebron.

I should be grateful if you would have this letter and its annex circulated as a document of the Security Council.

Annex

Statement issued by the Kuwaiti Minister of State for Cabinet Affairs on 26 February 1994

Today, the State of Kuwait expressed its condemnation of yesterday's hideous massacre of dozens of Palestinian victims at the Haram al-Ibrahimi in Hebron. It urged the international community and the Security Council to assume a role in the protection of the Palestinian people. Mr. Abd al-Aziz Dakhil al-Dakhil, Minister of State for Cabinet Affairs, made the following statement to the Kuwait News Agency:

"The State of Kuwait has learnt with deep sorrow of the execrable crime committed yesterday against Palestinian worshippers at the Haram al-Ibrahimi in Hebron by a group of Israeli settlers.

"As it condemns in the strongest terms this inhuman massacre - one in which dozens of Palestinian martyrs were killed and more than 300 were wounded and which, because of its atrocious character and the fact that it was committed in a place of holy sanctuary, has shaken the conscience of mankind - the State of Kuwait holds the Israeli Government fully responsible for this criminal act and for the protection of the inhabitants of the occupied territories in accordance with the provisions of the relevant international conventions.

"The State of Kuwait urges the international community and the Security Council to assume a role in the adoption of adequate measures to protect the Palestinian people from the recurrence of such crimes and in international efforts to safeguard the rights of Palestinians in accordance with international legitimacy."

ANNEX

[Original: English and French]

Declaration of the European Union on the events in Hebron

The European Union expresses profound indignation at the bloodshed which took place in Hebron yesterday, leaving many Palestinians dead and wounded.

The European Union strongly condemns all acts of violence and extends its sincere condolences to the families of the victims.

While noting that the events have been condemned by the Israeli Government, the European Union holds that the authorities in the occupied territories must take full responsibility for protecting the inhabitants; the Union also calls for a full and immediate inquiry into the circumstances of the massacre.

The tragic events in Hebron highlight once again the importance of the peace process; there must be no undermining or delay of that process.

The European Union calls upon the parties to refuse to allow themselves to be drawn into a spiral of violence and to step up their efforts to speed up the process that has been started.

Annex

Resolution No. 5362 of the League of Arab States, adopted at its emergency meeting held on 17 Ramadan A.H. 1414 (27 February A.D. 1994) concerning the Israeli massacre of Palestinians in the Ibrahimi Mosque

The Israeli massacre of Palestinians in the Ibrahimi Mosque

The Council of the League of Arab States, meeting in extraordinary session on 17 Ramadan A.H. 1414 (27 February A.D. 1994),

Having taken cognizance of:

- A letter from Mr. Yasser Arafat, President of the State of Palestine and Chairman of the Executive Committee of the Palestine Liberation Organization, concerning the massacre perpetrated by Israeli settlers inside the Ibrahimi Mosque in Hebron in the occupied West Bank, killing dozens and injuring hundreds among the Palestinian congregation at prayer; and

- A memorandum on the incident prepared by the General Secretariat,

Having followed the developments in this incident and its dire effects and having heard the discussions which took place during its meeting,

Decides

1. To condemn the Israeli crime against the defenceless Palestinian citizens at prayer in the Ibrahimi Mosque on 15 Ramadan A.H. 1414 (25 February A.D. 1994) and to deem it an act of terrorism;

2. To place upon the Israeli occupation authorities the responsibility for this crime and the crimes committed by Israeli settlers by reason of the continuing practices and measures adopted by those authorities; and to call upon them to disarm the Israeli settlers immediately;

3. To affirm the call contained in League Council resolution No. 5269, adopted at its extraordinary session on 11 and 12 January 1993 asking the United Nations to establish an appropriate mechanism for the implementation of the fourth Geneva Convention through the assignment of an international force to provide protection to Arab citizens in the occupied Palestinian and Arab territories, with a view to the implementation of the provisions of Security Council resolution 681 (1990); and to call upon the co-sponsors of the Madrid Conference, on the basis of their responsibility to ensure the success of the peace process, to play a major role in ensuring the necessary protection for the Palestinian people in the occupied territories;

4. To call upon the Security Council to send an international commission to investigate the grave incident and to take the necessary measures to enable the commission to carry out its mandate;

5. Calling upon the Security Council, in particular the two co-sponsors of the Peace Conference, for the immediate implementation of the Security Council resolutions ruling the Israeli settlements in the occupied Arab territories illegitimate and a serious obstacle to the achievement of a comprehensive and just peace, in particular Security Council resolution 465 (1980) concerning the dismantling of existing settlements and a halt to planning for new settlements in the occupied Arab territories, including Jerusalem;

6. To call upon the co-sponsors of the Conference to make a serious endeavour to ensure the success of efforts for peace by halting Israeli procrastination, putting an end to the occupation of Arab territories, and enabling the Palestinian people to exercise its inalienable national rights, including its right to self-determination and the establishment of its independent State with Jerusalem as its capital;

7. To consider 15 Ramadan each year as a day for the commemoration of the martyrs of the massacre in the Ibrahimi Mosque in Hebron and to appeal to international public opinion to perpetuate this commemoration in order to remind the international community of Israel's inhumane practices;

8. To invite the Arab States to furnish all kinds of assistance to the families of the victims and martyrs among the Palestinian people;

9. To instruct the Secretary-General to maintain contact with all international parties in order to ensure the implementation of this resolution and urge them to take all appropriate measures to protect Palestinians in the occupied territories.

LETTER DATED 28 FEBRUARY 1994 FROM THE PERMANENT REPRESENTATIVE OF GEORGIA TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

I have the honour to transmit to you a copy of the statement by the Chairman of the Parliament, head of State of the Republic of Georgia, Mr. Eduard Shevardnadze dated 26 February 1994.

Annex

Statement dated 26 February 1994 from the Chairman of the Parliament, head of State of Georgia

We have learned that the third round of negotiations in Geneva on the comprehensive settlement of the conflict in Abkhazia has ended unsuccessfully.

Although the combined efforts of the Georgian side, the United Nations and the Russian Federation resulted in a ray of hope that agreements would be reached regarding the return of the refugees and displaced persons, and the political status of Abkhazia within the Republic of Georgia, the Gudauta group once again adopted a hostile and non-conciliatory position, in fact disrupting the negotiations and further escalating the tension.

I consider it imperative to remind the world community that the Abkhaz separatists have thrice grossly violated agreements signed by them, hence, completely ignoring the most elementary norms of civilized behaviour. Despite such unforgivable actions, the Georgian side has spared no effort in utilizing every available means to achieve a peaceful resolution of the conflict.

The Georgian effort has been assisted by the United Nations, the Russian Federation, the Conference on Security and Cooperation in Europe (CSCE), and the "Friends of Georgia" group. It is with profound gratitude that I commend their efforts in Geneva to make a peaceful resolution possible. It is a pity that the Gudauta group's response to these monumental efforts has been to initiate a new wave of genocide against Georgians in Abkhazia. The tragic consequences of this latest campaign of terror are evident, having resulted in hundreds of people killed and wounded, and 15,000 more people added to the 300,000 refugees who have been forced to flee from the land of their ancestors or face certain death.

Once again, the Abkhaz separatists ignored universally recognized norms in not allowing anyone from the group of United Nations observers, headed by General Hvidegaard, to travel to the Gali district for the purpose of making an accurate assessment of the developments there. In my opinion, these horrible events were inadequately responded to by international organizations and the world community. This impudence towards fundamental international norms must not remain unpunished if we are to build a harmonious, law-abiding world community.

Despite all of the afore-mentioned, the Georgian Government consented to participate in the third round of Geneva negotiations in order to utilize fully even the most remote chance for a peaceful resolution of this conflict.

Today it is abundantly clear that the Gudauta group's disruption of the Geneva negotiations was with the multiple intents of completing the eradication and/or extermination of the few remaining Georgians in Abkhazia, rendering the return of the refugees and displaced to their homes impossible, and breaking away from Georgia forever.

The tension has profoundly escalated. Taking full responsibility for my statements, I declare that, should the negotiating parties, the United Nations Security Council and the Russian Federation fail to find an immediate solution to this impasse, a spontaneous explosion resulting in the resumption of hostilities is inevitable. This will be followed by even greater bloodshed, the scale and cruelty of which will exceed any that our long-suffering land has yet endured.

For all of these reasons, we agree to the immediate continuation of the negotiations. I am personally prepared to visit the United Nations Security Council, and meet with the United Nations Secretary-General or his Special Envoy, the leadership of the Russian Federation and representatives of friendly States in order to avoid the catastrophic outcome which will assuredly follow the breakdown of the Geneva talks.

The dialogue which will take place in Washington and New York during my visit to the United States at the invitation of President Bill Clinton must constructively contribute to the comprehensive political settlement of the conflict in Abkhazia.

LETTER DATED 28 FEBRUARY 1994 FROM THE PERMANENT REPRESENTATIVE OF TAJIKISTAN TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

I have the honour to enclose the statement by the Ministry of Foreign Affairs of the Republic of Tajikistan concerning the situation on the Tajik-Afghan frontier which was handed by the Deputy Minister for Foreign Affairs of the Republic of Tajikistan, Mr. T. Mardonov, to the Acting Consul of the Islamic State of Afghanistan in Dushanbe, Mr. Nuahmad Masud, on 22 February 1994.

Statement of 22 February 1994 by the Ministry of Foreign Affairs of the Republic of Tajikistan concerning the situation on the Tajik-Afghan frontier

The Ministry of Foreign Affairs of the Republic of Tajikistan presents its compliments to the Consulate of the Islamic State of Afghanistan in Dushanbe, and is authorized to express serious concern at the new attempts to exacerbate the situation on the Tajik-Afghan frontier. Armed groups of members of the anti-Government opposition who have found refuge in the territory of the Islamic State of Afghanistan are continuing to violate the frontier and bring artillery and rifle fire to bear on the sites of frontier posts and the areas where detachments of frontier guards are stationed in the territory of the Republic of Tajikistan. In the period from the beginning of this year to 20 February alone, such firing has taken place more than 20 times. In particular, during the night of 19-20 February 1994, the frontier post's military camp at the Srednii Pyandzh settlement of the Pyandzh frontier guard detachment was subjected to rocket fire from the zone controlled by the 55th Infantry Division, under the command of General Kozi Kabir, in the territory of Afghanistan. As a result, one member of the Russian frontier troops died from the severe wounds he sustained, and the border post was partly destroyed.

On 21 February 1994, settlements in the Shurabad region of the Republic of Tajikistan - the villages of Paruar, Sarigor, Sary-Chashma and Anzhirobi Bolo - were subjected to rocket fire from the territory of Shahr-i-Buzurg district, Badakhshan province, Islamic State of Afghanistan. Simultaneously, a composite armed group consisting of Afghani citizens under the leadership of the Afghan Field Commander Kori Hamidullo and guerrillas of the Movement for the Islamic Rebirth of Tajikistan, led by Mullah Abdurakhim, crossed with hostile intent from the territory of the Islamic State of Afghanistan into the territory of the Republic of Tajikistan, in the sector covered by the 12th frontier post of the Moskovsky frontier guard detachment.

At 10.45 a.m. local time on 21 February 1994, a military confrontation began between the above-mentioned group of frontier violators and personnel of the Russian Federation's frontier troops, who are being assisted by special units of the Ministry of Security of the Republic of Tajikistan.

The leadership of the Republic of Tajikistan views these actions as deliberate provocation aimed at disrupting the process of normalization of the situation in the Republic of Tajikistan and on the Tajik-Afghan frontier.

The Ministry of Foreign Affairs of the Republic of Tajikistan is reliably informed that the armed anti-Government bands of the Movement for the Islamic Rebirth of Tajikistan located in the territory of the Islamic State of Afghanistan have planned a series of hostile actions against the territory and civilian population of the Republic of Tajikistan in the directions of Shaartuz, Kumsangir, Pyandzh and Shurabad.

The presence and activity in Afghan territory of such forces acting to destabilize the situation in frontier regions of the Republic of Tajikistan bear witness to interference by the Islamic State of Afghanistan in the internal affairs of the Republic of Tajikistan. All of this is taking place in violation of the frontier agreement between the Republic of Tajikistan and the Islamic State of Afghanistan, and is in contravention of articles 2 and 3 of the Treaty of Friendship, Cooperation and Good-Neighbourliness between the Republic of Tajikistan and the Islamic Republic of Afghanistan.

The Ministry of Foreign Affairs of the Republic of Tajikistan calls on the Afghan side to take effective and tangible steps to halt the provocations and unlawful acts by the armed Tajik opposition and Afghan military units on the frontier, and declares that it reserves the right to take firm and decisive measures to halt such provocations, up to and including destruction of the weapons of the guerrillas in Afghan territory.

LETTER DATED 28 FEBRUARY 1994 FROM THE PERMANENT REPRESENTATIVE OF THE SUDAN TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

[Original: Arabic]

Statement issued by the Ministry of Foreign Affairs of the Sudan on 26 February 1994 concerning the massacre at the Haram al-Ibrahimi in Hebron

"Count not those who were slain in God's way as dead, but rather living with their Lord, by Him provided." (Koran 3:169)

The conscience of the entire world has been deeply moved by yesterday morning's savage massacre, by Zionist terrorist bands, of Palestinian worshippers at the Haram al-Ibrahimi in Hebron in which dozens of innocent and defenceless persons were killed and hundreds wounded.

In the way that it happened, this crime clearly indicates that the Zionist occupation forces were in collusion with the perpetrators, to say nothing of the fact that these forces engaged in a second massacre in which seven Palestinians were killed when they sought to express their anger after the crime had taken place.

Israel is fully accountable for this crime because of its evident collusion with the assailants, as exemplified by its failure to provide protection to the worshippers at the Haram al-Ibrahimi and by the fact that it allowed the assailants to continue shooting for more than 10 minutes without the least attempt being made by Israeli security forces to intervene to stop the slaughter.

What happened yesterday in Hebron is no more than a continuation of the policy of terrorism that the Zionist enemy pursues against the Palestinian people. It clearly shows that the establishment of illegal settlements in the occupied Arab territories, the insistence on their retention, the postponement of negotiations in their regard and indeed the arming of the Zionist extremists who live in them amount to a deliberate policy aimed at liquidating the Palestinian people and imposing occupation on it by force of arms.

Yesterday's crime has laid bare the spurious and deceptive invocation of the concept of peace proclaimed by the Zionist leaders. It has made it clear that it is really the defenceless Palestinian people that requires protection and security and not the heavily armed bands of Zionist settlers in the occupied Arab territories, which engage in the most ruthless coercion and intimidation of that people with a view to perpetuating the occupation. As it condemns this harrowing massacre, the Ministry of Foreign Affairs of the Republic of the Sudan urges the Security Council immediately to assume its responsibilities and:

(a) To condemn Israel and hold it fully accountable for yesterday's abominable crime;

(b) To endeavour to require that international protection be provided for the defenceless Palestinian people against the intimidation and violence of Zionist bands;

(c) To take urgent steps to disarm the Zionist bands in the settlements;

(d) To ensure the complete removal of settlements from all occupied Arab territories in keeping with the long-standing determination by the United Nations that such settlements are illegal.

The Sudanese Ministry of Foreign Affairs believes that yesterday's disgraceful and infamous crime at the Haram al-Ibrahimi should awaken the international community and the States permanent members of the Security Council to their responsibilities with a view to taking action to impose a comprehensive, just and genuine peace based on full evacuation of all occupied Arab territories, on the elimination of all forms and manifestations of occupation and on granting the Palestinian people its legitimate right to exercise self-determination and establish an independent State.

As it consoles the steadfast Palestinian people and the peoples of the Arab Islamic community on the martyrs fallen at the Haram al-Ibrahimi, the Ministry believes that this criminal act by Zionist terrorist bands is primarily directed against the peoples and States of this community and that it is part of the malicious plot to destroy the existence, identity and civilization of this community. The Ministry takes this painful opportunity to call upon the community and its peoples to rise above their wounds, to arm themselves with vigilance and to close ranks in order to confront and defeat such criminal plots.

ANNEX

Statement made on 26 February 1994 by the Minister for Foreign Affairs of Australia concerning the massacre of Palestinians in Hebron

The Minister for Foreign Affairs of Australia, Senator Gareth Evans, said today that the Government of Australia was deeply shocked and saddened by the massacre of 53 Palestinians by an Israeli settler in a mosque in the West Bank town of Hebron.

He said that Australia condemned without reservation this senseless slaughter of unarmed worshippers, which threatened to prolong the seemingly endless cycle of conflict and violence between Israelis and Palestinians.

"The Australian Government extends its profound sympathy to all of those who have been bereaved or wounded by this outrageous act", he said.

Mr. Evans said that it was particularly important at this time that Israelis and Palestinians alike exercise the utmost restraint to avoid further bloodshed. "During this Muslim holy month of Ramadan, heightened religious emotion will understandably compound the sense of outrage many Palestinians will feel over this act of insanity", he said.

Mr. Evans said that Australia welcomed the strong and unqualified statement by the Israeli Prime Minister and his Government condemning the attack, "but this tragic event points to the responsibility of Israel, as the occupying Power in Gaza and the West Bank, to protect everyone who lives there".

He said that retaliatory attacks and revenge killings would only reinforce the position of those who seek to reject attempts to establish a peaceful resolution to the Israel/Palestinian conflict, and that it was of vital importance that such acts of violence should not be permitted to further the cause of extremism.

He said that the Government of Australia hoped that the tragedy would inject a new sense of urgency into the negotiations between Israel and the PLO on withdrawal by the Israel Defence Force from Gaza and Jericho and that "both sides have an obligation to proceed to negotiate this agreement without further delay so that the way can be cleared for Palestinian self-rule in the territories".

He said that the Government of Australia believed that only through the full implementation of the Declaration of Principles on Interim Self-Government Arrangements could there be any hope for a just and lasting peace between Israel and the Palestinian people.

"We call on both Israel and the PLO to intensify and accelerate their efforts to implement the declaration", he said.

ANNEX

Statement concerning the massacre of Palestinian worshippers in Hebron, made by the Official Spokesman of the Ministry of External Affairs of India on 26 February 1994

The Government of India strongly condemns the massacre of Palestinian worshippers yesterday in Hebron, in the occupied territories, by an Israeli gunman, and conveys its sincere condolences to the members of the bereaved families.

The Government of India calls upon Israel to take immediate and effective steps to ensure that such deplorable criminal acts do not recur, that culprits are brought to book and that the lives and properties of innocent people in the occupied territories are protected.

The Government of India fervently hopes that all concerned will adopt the path of restraint in bringing down tensions so as not to vitiate the climate of peace and tranquillity so essential for the Middle East peace process, which has now entered a critical phase, to succeed.

Communiqué of the Committee on Palestine of the Non-Aligned Movement

New York, 1 March 1994

The Committee on Palestine of the Non-Aligned Movement was convened in New York on 1 March 1994, under the chairmanship of H.E. Ambassador Witjaksana Soegarda of Indonesia, to consider the grave situation in the occupied Palestinian territory, including Jerusalem, resulting from the massacre in Al-Haram Al-Ibrahimi mosque in Al-Khalil (Hebron) on 25 February 1994 committed by armed Israeli settlers.

The meeting was attended by H.E. Ramtane Lamamra of Algeria, H.E. Reaz Rahman of Bangladesh, H.E. Dr. Nasser Al-Kidwa of Palestine, Mr. Abelardo Moreno Fernandez of Cuba, Mrs. Mitra Vasisht of India, Mr. Mwenya Lwatula of Zambia and Mr. Ngoni Francis Sengwe of Zimbabwe.

The Committee was briefed on the recent developments by H.E. Dr. M. Nasser Al-Kidwa, Permanent Observer for Palestine to the United Nations in New York, particularly the massacre in Al-Khalil (Hebron) as well as the ensuing violence.

The Committee strongly condemns this barbaric and bloody attack on worshippers who were praying in the mosque and which caused the death of more than 60 Palestinian civilians and injured several hundred others. This dastardly attack while unprecedented in magnitude was followed by the killing of Palestinians by Israeli forces and the closure of many areas as military zones.

In view of the dangerous situation now prevailing in the occupied Palestinian territory, including Jerusalem the Committee believes that it is incumbent upon the international community to take decisive measures in order to ensure the protection of the Palestinian civilians in the occupied territories. In this context, it is Israel's responsibility to disarm the settlers pending the dismantling of illegal settlements. Furthermore, the safety and security of Palestinians should be ensured during the transitional period through an appropriately structured international presence in the occupied Palestinian territory.

The Committee reaffirms the applicability of the Fourth Geneva Convention of 12 August 1949 to all the Palestinian territory occupied by Israel since 1967, including Jerusalem.

In this context, the Committee, while reaffirming the permanent responsibility of the United Nations over the question of Palestine, calls upon the Security Council to take immediate remedial measures to forestall the recurrence of similar acts in the occupied Palestinian territory, including Jerusalem.

Finally, the Committee has decided to closely monitor the developments in the occupied Palestinian territory in order to ensure that they are conducive to the implementation of the Declaration of Principles on Palestinian Interim Self-Government Arrangements, as a step towards exercising their inalienable rights to self-determination and independence.

LETTER DATED 22 FEBRUARY 1994 FROM THE SECRETARY-GENERAL ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

I have the honour to refer to my letter of 23 December 1992 to the President of the Security Council (S/25085) in which I brought to the Council's attention some issues arising from the demarcation of the Iraq-Kuwait boundary. Among them was the matter of the Iraqi private citizens and their assets which remained on Kuwaiti territory and about which I had been in touch with the Governments of Iraq and Kuwait to determine how the United Nations might help to bring about a settlement. In a letter dated 8 January 1993, the President of the Council informed me that the members concurred with my general approach.

On 10 January 1993 I received a communication from the First Deputy Prime Minister, Minister for Foreign Affairs of Kuwait which informed me that the Iraqi citizens would not be permitted to remain in Kuwait but would be compensated for their private property and assets on the basis of an assessment by a neutral party nominated by the United Nations. On 1 March 1993 the Permanent Representative of Iraq responded to this suggestion by indicating that his authorities would "take no action that might tend to recognize the injustice deliberately inflicted on Iraq" but, at the same time, would "take no action that might provoke dispute or contention with the United Nations".

Encouraging developments have taken place for the resolution of this issue. All Iraqi nationals in the Umm Qasr area were relocated without disturbance to other dwellings in Iraq by the end of December 1993. Kuwait has permitted the Iraqi nationals in the Al-Abdaly farming area to remain there until the end of February to allow them time to harvest their crops; they are to be relocated to parcels of land in Iraq by 1 March 1994. I should like to take this opportunity to express my appreciation for the cooperation the Governments of Iraq and Kuwait have extended to the Force Commander of the United Nations Iraq-Kuwait Observation Mission (UNIKOM), who has been facilitating this effort which has thus far gone forward without disturbance.

As for the question of compensation, in accordance with an arrangement reached on 22 September 1993 between the United Nations and Kuwait related to the conditions under which the United Nations provides assistance in resolving the issue of compensation to Iraqi nationals located in Kuwait as a result of the demarcation of the boundary, Kuwait agreed to pay into a trust fund, which I would establish for the purpose, an amount of compensation that I would decide,

plus all costs and expenses incurred by the United Nations in connection with this effort. The money would be disbursed after I had made arrangements on the modalities of payment. However, should it not be possible to conclude payment arrangements to my satisfaction, it was also agreed that I would deposit the corresponding amount in an escrow account at the disposal of the beneficiaries. In that event, every effort would be made to inform the Iraqi nationals of the steps they should take to claim their compensation.

Following an assessment of the value of the private property and assets that was carried out by the independent contractor I appointed for the purpose, I have now decided that the total amount of the compensation shall be 56 million Iraqi dinars for 95 farms and 15.5 million Iraqi dinars for 206 residential houses. The Government of Kuwait has been officially informed of this decision. The amounts of individual payments will be determined in accordance with the recommendations of the contractor.

I trust the Council will concur with my view that the compensation payments would fall within the definition of "payments exclusively for strictly ... humanitarian purposes" provided for in paragraph 4 of Security Council resolution 661 (1990) as an exception to the general prohibition against the remittal of funds to persons or bodies within Iraq.

I should be grateful, Mr. President, if you would bring the contents of this letter to the attention of the members of the Security Council.

LETTER DATED 2 MARCH 1994 FROM THE PERMANENT REPRESENTATIVE OF CROATIA TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

Concerning the recent action in the airspace of the Republic of Bosnia and Herzegovina undertaken by a member State acting through the North Atlantic Treaty Organization, aimed at the implementation of the Security Council's resolution 816 (1993), I would like to draw the attention of the members of the Security Council to the events that preceded the action and have immediately followed it, that raise serious concerns to the Republic of Croatia.

My Government has reason to believe that the downed aircrafts have been relinquished to the insurgent Serbian authorities in Bosnia and Herzegovina and Croatia by the former Yugoslav Peoples Army (JNA). The aircrafts have been observed undertaking intensive training in the airspace of the Republic of Croatia in the past weeks, with the aim to prepare them for the attack on the Bosnian Government held facility in Novi Travnik. The six combat aircrafts took off from the military facility in Udbina - Republic of Croatia - located in the present UNPA [stands for "United Nations Protected Area"] Sector South, and temporarily under control of Serbian insurgents. After their bombing run over the Novi Travnik, they aimed to return to the base, when they were intercepted by NATO combat aircrafts in their implementation of the relevant Security Council resolutions, that resulted in destruction of four of Serbian planes. The two remaining planes have, according to our information, safely returned to Udbina. This was via facti confirmed in the statement by Adm. Jeremy Boorda who stated that "at 0559 GMT the remaining two Serb planes exit the air space over Bosnia and Herzegovina", which was quoted as the reason for not pursuing them.

My Government believes that the entire action undertaken by Serbian insurgents was aimed at derailing the ongoing negotiations between the Croatian and Muslim side on reaching an overall solution to the conflict in Bosnia and Herzegovina, by staging an attack that would appear to be conducted by Croatian Air Force. The situation is further aggravated in our view by Serbian insurgents using the airfield in the territory of the Republic of Croatia, and ultimately finding a refuge in the Croatian airspace. Republic of Croatia considers this as an act of aggression against its sovereignty and territorial integrity.

An additional related element that in the view of my Government shows determination of the Serbian insurgents to secede from the Republic of Croatia and unite with "Federal Republic of Yugoslavia (Serbia and Montenegro)" - as pointed out on numerous occasions, most recently in my letter addressed to your predecessor on 24 February [S/1994/215] - is that the Belgrade authorities have listed Udbina as an airport in "Yugoslavia" to the relevant international aeronautical authorities, as listed in the "Jeppesen Manual".

The Republic of Croatia believes that an immediate action by the Security Council is required, aimed at not only implementing the resolution 769 (1992) on the ground, but as well as ensuring the inviolability of its airspace. We request the Security Council to instruct UNPROFOR to place the military observers on the airfield in Udbina, so that similar incidents can be prevented in the future. Croatia also requests the airfield in Udbina to be closed for all operations until such time that the area in question will be reintegrated into its legal system and subject to its authority, in accordance with the relevant resolutions of the Security Council.

I kindly request for your assistance in distributing this letter as a document of the Security Council.

GENERAL ASSEMBLY
Forty-eighth session
Agenda item 35
QUESTION OF PALESTINE

SECURITY COUNCIL
Forty-ninth year

Letter dated 1 March 1994 from the Permanent Representative of Senegal to the United Nations addressed to the Secretary-General

I am transmitting herewith the text of a statement issued on 25 February 1994 by His Excellency Mr. Abdou Diouf, President of the Republic of Senegal, in his capacity as President of the Sixth Summit of Heads of State and Government of the Organization of the Islamic Conference, concerning the massacre at the Ibrahimi Mosque in Al-Khalil (Hebron) (see annex).

I should be grateful if you would have this statement circulated as an official document of the forty-eighth session of the General Assembly, under agenda item 35, and of the Security Council.

(Signed) Kéba Birane CISSE

ANNEX

Statement issued on 25 February 1994 by the President of the Sixth Summit of Heads of State and Government of the Organization of the Islamic Conference

Over 50 innocent Palestinians have just been massacred in Hebron in the West Bank as they were saying early-morning prayers today, Friday, 25 February 1994 in Al-Khalil (Tomb of the Patriarchs).

In condemning in the most emphatic terms this indescribable act, I should like, in my capacity as President of the Sixth Islamic Conference, to say that all the States members of the Organization of the Islamic Conference share in the cruel ordeal just inflicted on the fraternal people of Palestine.

Coming at the very moment when in Paris and in Cairo Palestinian and Israeli negotiators were making real progress towards implementing Palestinian autonomy in Gaza and Jericho, this odious crime is undoubtedly aimed at undermining the very positive gains already made in regard to the exercise by the Palestinian people of its inalienable rights.

But for those who know the maturity of spirit characterizing the leadership which the Palestinian people has freely chosen, that manoeuvre will fail as have those earlier manoeuvres by the enemies of peace in the Middle East. All peace-loving peoples should work towards that end.

For my part, in reiterating our support for the Palestinian people, I appeal to the Israeli leaders to do their utmost to prevent an escalation of violence, which can only damage the peace process.

I am also launching an appeal for rapid implementation of the Washington Agreement containing the Declaration of Principles on Palestinian autonomy, which remains a prerequisite for the cessation of tension and conflict.

REPORT OF THE SECRETARY-GENERAL ON THE RETURN OF KUWAITI PROPERTY SEIZED BY IRAQ

INTRODUCTION

1. The present report is submitted in pursuance of paragraph 2 (d) of Security Council resolution 686 (1991) of 2 March 1991, by which the Security Council demanded that Iraq immediately begin to return all Kuwaiti property seized by Iraq, the return to be completed in the shortest possible period; paragraph 15 of Security Council resolution 687 (1991) of 8 April 1991 by which the Council requested the Secretary-General to report to the Security Council on the steps taken to facilitate the return of all Kuwaiti property seized by Iraq, including a list of any property that Kuwait claims has not been returned or which has not been returned intact; and a letter from the President of the Security Council dated 25 January 1994 requesting a report on the return of all Kuwaiti property seized by Iraq.

I. ORGANIZATION

2. By his letter dated 19 March 1991 (S/22361), the President of the Security Council informed the Secretary-General that the members of the Security Council were of the view that the modalities for the return of property from Iraq in accordance with Security Council resolution 686 (1991) should be arranged through the Secretary-General's Office in consultation with the parties, and that that procedure also had the agreement of Iraq and Kuwait. In response, my predecessor informed the Security Council, in a letter to the President dated 26 March 1991 (S/22387), that he had designated Mr. J. Richard Foran, the Assistant Secretary-General, Office of General Services, Department of Administration and Management, as the official responsible for coordinating the return of property from Iraq to Kuwait. Following Mr. Foran's retirement from United Nations service, I designated Mr. Raymond Sommereyns, Director of the West Asia Division of the Department of Political Affairs, as Coordinator for the return of property.

3. The Coordinator has been assisted by a small group of United Nations staff members, including one who acts as his representative in the field. This core group has been augmented by staff members who have served for varying periods of time as members of the teams that facilitated the hand-over operations in Iraq and Kuwait.

4. The responsibility for returning the property rested with Iraq, while Kuwait was responsible for receiving it. The hand-over operations usually took place from Iraq to Kuwait with the United Nations acting as facilitator, registrar and certifier. At no time was the property in the custody of the United Nations.

5. The Government of Austria generously provided two senior experts from the National Bank of Austria, who acted as advisers on the return of property belonging to the Central Bank of Kuwait.

6. The operation has been financed with funds contributed to the escrow account established under the provisions of Security Council resolutions 706 (1991) and 778 (1992).

II. ROLE OF THE COORDINATOR

7. The Coordinator has endeavoured to maintain a clear distinction between the mandate entrusted to him and that of the United Nations Compensation Commission.

8. The Coordinator's role has been one of receiving, registering and submitting to Iraq claims presented by Kuwait and facilitating the return of property which Iraq has declared that it has in its possession and is ready to return. Therefore, he has not considered it within the scope of his mandate to investigate or verify claims from Kuwait that specific property items were removed by Iraq or claims by Iraq that specific items were not removed or, if removed, were subsequently destroyed during the hostilities.

9. Members of the United Nations team registered the comments and remarks of the parties in cases where property items were returned in damaged condition. However, they were not involved in assessments as to the scope of the damage or where, when and how it might have occurred.

10. On some occasions, United Nations team members were shown pieces of property items by Iraqi authorities, which explained that they were pieces of items claimed by Kuwait that had been destroyed during the hostilities. With the exception of a few cases where the objects could be clearly identified by numbers or other distinctive markings, it was not possible to verify the authenticity of such information.

III. MODALITIES

11. For want of a procedural precedent, the modalities required were developed specifically for this operation.

A. Records

12. The need for a transparent and accurate system of record-keeping was recognized as an important element of a successful operation.

13. Initially, an attempt was made to create a computer programme that could be used uniformly for all commodities and that would provide information that would permit, inter alia, a comparison of claims received from Kuwait with deliveries made by Iraq. The system that was developed was used with some success during the first major hand-over operation, namely the return of the property of the Kuwait Central Bank which took place in Ar'ar, Saudi Arabia during the summer of 1991.

14. However, experience obtained in subsequent hand-over operations demonstrated that it would be difficult to develop a uniform system, since its successful use would require the receipt of data in a uniform manner for all commodities for which a claim was made. In many cases such information was difficult or impossible for Kuwait to provide, as most of its inventory records had been destroyed during the hostilities. On a number of occasions it was necessary to use lists provided by Iraq as the basis for recording the property being returned. Another obstacle was the fact that the lists submitted by the parties differed in format and detail. Records, therefore, had to be developed on a commodity-by-commodity basis, in a similar but not uniform way. This made it impossible to establish a detailed comparison between claims received and property returned.

15. The hand-over forms used in the operation were developed in consultation with the Office of the Legal Counsel. Subject to minor adjustments necessitated by the nature of a specific commodity, they have been used throughout the operation.

B. Procedures

16. After consultations with representatives of Iraq and Kuwait, the following procedural arrangements were agreed upon. With minor adjustments, they have been followed during the period of operations:

(a) A commodity-by-commodity approach would be followed;

(b) Kuwait would submit its claims to the Coordinator, who, after registering them, would forward them to Iraq for comments;

(c) When Iraq declared that property related to a specific claim, fully or in part, was in its possession and ready for delivery, the Coordinator, following consultation with the parties, would propose:

(i) The venue and time for the hand-over;

(ii) Procedures for delivery to the hand-over site, the on-site inspection, subsequent inspections at recognized technical institutions where that was deemed necessary, the recording procedure and arrangements for the final transportation of the property items to Kuwait;

(iii) Following approval of the suggested procedures by both parties, the final venue and date for the commencement of the hand-over transaction would be set;

(d) At the time of delivery, members of a United Nations team would record the property delivered and prepare hand-over documents to be signed by the authorized representatives of both parties. These documents would reflect any comments and observations that the parties might wish to make relating to the property, such as its volume or state of repair. A United Nations team leader would then certify by signature that the hand-over had taken place in accordance with the agreed procedures;

(e) Custody of the property would remain with Iraq until the transfer document had been signed, at which time it would revert to Kuwait. At no time would the United Nations take custody of the property;

(f) For practical purposes, all procedures, both oral and in writing, would be carried out in the English language.

C. Venue

17. Hand-over operations were carried out at the following venues: a border station near the town of Ar'ar in Saudi Arabia, the use of which was generously provided by the Government of Saudi Arabia; Safwan, a town in southern Iraq; airfields in Iraq; locations in Baghdad; an airport in Amman generously made available by the Government of Jordan; and international waters of the Persian Gulf.

D. Transportation

18. Transportation of the property to the hand-over site has been the responsibility of Iraq, while responsibility for transportation from the hand-over site has rested with Kuwait.

19. The means of transportation have varied according to the type of property and its location. Aircraft that were deemed airworthy were handed over at Iraqi airports and airfields, from where they were flown to Kuwait. Sea-going vessels were towed by Iraqi tug-boats to a designated hand-over point in international waters in the Persian Gulf and from there to Kuwait by Kuwaiti tug-boats.

20. Many of the commodities were trucked by Iraq to sites in Ar'ar or Safwan, from where they were moved by vehicles provided by Kuwait. In a number of cases, however, sensitive items such as museum pieces and property belonging to the Kuwaiti Air Force were airlifted out of Iraq.

E. Inspection and examination

21. The responsibility for inspecting and examining the property items to be handed over has rested exclusively with Kuwait.

22. On most occasions, inspections took the form of a visual/technical examination at the hand-over site with the methods employed varying from commodity to commodity. For example, during the return of gold bars and museum

objects, every item was carefully checked; while in the return of property belonging to a library, only items considered to be of special value or importance were checked individually with others being checked randomly. In some cases, only random checks were carried out, and the items were received and signed for based on the packing lists of each box, crate or container in which they arrived.

23. On a number of other occasions, the parties agreed that specific items such as sophisticated technical or electronic equipment would be subjected to inspections at specialized external institutions in addition to the on-site visual/technical examination that took place at the time of the hand-over. In such cases, the parties generally would agree that Kuwait was to submit the reports from those institutions within a given time frame for incorporation into the hand-over reports. It would also be agreed that the parties were to recognize those reports as the description of the property at the time of hand-over.

IV. SUMMARY OF THE HAND-OVER OPERATIONS

24. The decision of the Government of Iraq to return, pursuant to Security Council resolution 686 (1991), quantities of gold, Kuwaiti paper currency and civilian aircraft seized after 2 August 1990 was announced in identical letters dated 5 March 1991 (S/22330) from the Deputy Prime Minister of Iraq to the President of the Security Council and to my predecessor.

25. By letters addressed to the President of the Security Council on 14 March 1991 (S/22427) and to my predecessor on 20 March 1991 (S/22367), the Permanent Representative of Kuwait transmitted partial lists of Kuwaiti property belonging to libraries, the Central Bank of Kuwait, Kuwait Airways Corporation and the Ministry of Justice and Legal Affairs that had been seized by Iraq after 2 August 1990.

26. Following consultations with the parties in April and May 1991, it was agreed to give priority to the following categories: (a) gold, currency notes, commemorative and commercial coins and related items belonging to the Central Bank of Kuwait, (b) civilian aircraft and spare parts belonging to Kuwait Airways Corporation, (c) museum objects belonging to the Kuwait National Museum and (d) the Central Library of Kuwait.

27. At a later stage, arrangements were also made for the hand-over of properties belonging to the following Ministries of the Government of Kuwait: information, defence, transportation, oil, social affairs and labour, health, public works and communication. Properties belonging to the Kuwait News Agency, the Arab Institute for Planning and the Kuwait National Assembly were also handed over. While a number of claims were submitted, no private property has been returned to Kuwait as of this date.

28. A list of all the hand-over operations that have been carried out to date is contained in annex I.

29. The Coordinator is currently facilitating the return of a structurally damaged C-130 aircraft, which is to be disassembled at the Al-Suwaira airbase by aircraft engineers employed by a private company agreed upon by both parties. The aircraft will then be airlifted out of Iraq for assessment. Discussions are also under way for the return of the Free Art Studio Collection, 80 containers belonging to the Kuwait Airways Corporation and properties of the United Arab Maritime Navigation Company.

30. The Coordinator will continue to be available to the parties to facilitate the return of any other property for which Kuwait may wish to submit a claim. As required, this will be reflected in addenda to the present report.

V. OBSERVATIONS

31. Consultations with the parties prior to each hand-over operation required the Coordinator or his representative to act as mediator and communication link in the search for common ground that would lead to a solution acceptable to both sides. The lack of trust between the parties, the absence of a precedent for managing an operation of this kind and the long distances and less than satisfactory telecommunication and travel facilities all added to the complexity of the task. Fortunately, the Coordinator and his staff enjoyed the good will and cooperation of both Iraq and Kuwait throughout the operation.

32. On the whole, the hand-over operations were carried out without major complications, although some were time-consuming and presented considerable logistical problems. As an example, the hand-over of museum objects required two months to complete and entailed detailed inspections of each object as well as arrangements for the packing of some 60 tons of fragile items for transport over almost 100 kilometres of road from Baghdad to Habbaniya airfield, from where they were airlifted to Kuwait.

33. While it was not possible, for reasons already described, to develop a record system that would permit a comparison of deliveries made by Iraq with the claims that had been submitted by Kuwait, the records maintained by the Coordinator have a high degree of accuracy as to the property actually returned. This information will be augmented by Kuwait's list of property that has not been returned or which has not been returned intact, which will be submitted to the Security Council as an addendum to the present report in accordance with paragraph 15 of Security Council resolution 687 (1991).

34. The Coordinator's records of all commodities returned as well as the original hand-over documents will be available for inspection in the Department of Political Affairs.
